By signing this Agreement, Customer acknowledges that customer has read Exhibit A and agrees to be bound by its rates, terms and conditions for Products and Services ordered under this Agreement. The Services will be provided for a period of 30 days between July 1 and July 31, 2004 (the "Service Period"), subject to the terms and conditions of all applicable tariffs ("Tariffs") and this Agreement. The Services will be provided to the applicable network demarcation point at the Democratic National Convention (e.g., media tent area, designated trailer area, the Fleet Center or Media center, Boston, Mass. (the "DNC"). Additional charges will apply for any other services, equipment sold or installed beyond the applicable demarcation point

1. The charges for the Services during the Service Period shall be as set forth in Exhibit A. The charges are for the entire Service Period regardless of whether Customer requests the Service for less than the entire Service Period (i.e. no pro rata charge available should Customer request service for less than the Service Period). For all other services, including usage, charges shall be as set forth in the applicable tariffs. In addition, Customer shall pay all applicable taxes and tariff surcharges that may be required under applicable law, regulations or tariffs (including but not limited to surcharges for Local Number Portability, 911, and Hearing Impaired Relay services). Verizon may amend Exhibit A from time to time to add additional Products and Services; at Verizon's sole discretion, Verizon may accept orders for such additional Products and Services prior to adding the same to Exhibit A, in which instance customer agrees to be bound by the terms and conditions of this Agreement (including Exhibit A) and the rates quoted by Verizon, for such additional Products and Services.

2. The rates above are subject to the availability of sufficient suitable facilities needed to provide such Services. If sufficient facilities are not available or if any special construction or additional work is required, Verizon will notify Customer of additional charges that may be required, and Customer may then accept such additional charges or cancel its order for such Service. Except as stated in the preceding sentence, if Customer cancels this Agreement or any Services, Customer will be required to pay the charges set forth above for all Services it has ordered. If Customer cancels a request for any other tariffed services, Customer will pay cancellation charges as set forth in the applicable tariff. All local usage on all Centrex lines ordered hereunder will be provided by Verizon and tariff rates will apply to such usage. Verizon reserves the right to suspend performance under this Agreement if, in Verizon's sole discretion, required by regulation, statute, judicial action or other applicable legal requirement.
